These statements have been prepared in accordance with the generally accepted accounting principles and the applicable mandatory accounting standards issued by the Institute of Chartered Accountants of India.

b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as on the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between the actual results and estimates are recognised in the period in which the results are known/materialised.

c) Revenue Recognition

Major portion of Income consists of Donations which are recognized on receipt basis.
Other incomes are recognized on accrual basis.

d) Expenses

All expenses including program / event expenses are accounted for on accrual basis.

e) Fixed Assets

g) Taxes on Income

a. Income-tax expense is comprised of current tax and deferred tax charges or credit. Provision for current tax is made on the assessable income at the tax rate applicable to the relevant assessment year.

b. The deferred tax asset / liability is calculated by applying tax rate and tax laws that have been enacted or substantively enacted as on the Balance Sheet date. Deferred tax asset / liability on account of timing differences are recognised, only to the extent there is a reasonable certainty of its realisation. At each Balance Sheet date, the carrying amount of Deferred tax asset / liability is reviewed to reassure realisation.

h) Provisions

A provision is recognised when an entity has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

VIBHA INDIA

Annexure II : Significant Accounting Policies and Notes to Accounts for the year ended 31st March 2018

i) Impairment of Assets:

Consideration is given at the end of each year to determine whether there is any indication of impairment of the carrying amount of the Trust's fixed assets. If any indication exists, an asset's recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable. The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor.

Reversal of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the asset no longer exist or have decreased. However, the increase in carrying amount of an asset due to reversal of an impairment loss is recognized to the extent it does not exceed the carrying amount that would have been determined (net of depreciation) had no impairment loss been recognized for the asset in prior period.

j) Contingent Liability

No provision has been made for liabilities which are contingent in nature. However, wherever material, the same has been disclosed by way of notes to accounts.
